**Restricted Websites and Guided Access Setup** 

## Setting Safari Website Restrictions

For efficient visibility reasons, the images to the right are in *portrait (vertical)* rather than *landscape* (horizontal). The VFP DGR, Tour, and DE should be locked at the *landscape* setting.

- 1. Settings
- 2. General
- 3. Tap **Restrictions**

Setting Safari Website Restrictions

## Restrictions

1. Tap Enable Restrictions

You can choose to restrict any of your apps on this device, however, for this purpose we are focusing on **Safari**.

Setting Safari Website Restrictions

#### **Enabling Restrictions**

1. Create a **Restrictions Passcode** 

This passcode is used to manage your restrictions placed on any apps you restrict. In this case, this will be the passcode you will enter to edit the restrictions on Safari while Restrictions are enabled.

The iPad now has website restrictions in place, restricting Safari to the Guest Register only, this should be the site you see when you open Safari.

To enable Guided Access and remove access to any app but Safari, see the next slide.

Email or Username	
Password	Forgot Password
Sign In	

#### **Enabling a Guided Access Session for Safari**

- 1. Open Safari
- 2. **Triple-press the home button** on the front of the iPad *You will see a black frame appear around a zoomed-out Safari window.*
- 3. Tap **Begin or Resume** in the upper right corner to start a Guided Access session for Safari

Resume will appear if you've had a Guided Access session for Safari before. You can also set other restrictions from here for the Guided Access session.

## **Disabling a Guided Access Session for Safari**

- 1. Triple-press the home button
- 2. Tap **End** in the upper left corner

3x1

# iPad Setup - Network Testing

#### Required (prior to Go-Live Date) Network and Apple iPad/Tablet Testing

- 1. **Connect your iPhone or Apple iPad to the WiFi** network that is being used to run the Digital Suite on their Apple iPads.
- 2. **Open a browser** on the device you're testing.
- 3. Navigate to speed.vfpnext.com
- 4. **Tap "GO"** and let the speed test run.
- 5. Once the test is complete, **tap the "Copy Link"** button.
- Send the link to us via the Support Chat anywhere in vfpnext.com, or:
   \*\*Please mention the area the test was run when delivering the link via support chat.
- 7. Send the link to <u>crunch@vfp.us</u>.

\*\*Edit the Subject line of the email to include your **brand**, **location** and **area the test was run**. (e.g. front desk, reception area, women's locker room, group-x room, front desk, free-weight room, etc.)

Run several tests around all areas and along the route the team will take when using the VFP+ Digital Suite.
